83 OCT 21 P2:57

Dear Licensing Personnel:

We wish to amend our Nuclear Regulatory Commission by-product material's license (37-01317-02) issued to Allegheny Health, Education and Research Corporation (AHERC) to authorize the installation of a Cobalt-60 source into an Atomic Energy of Canada Limited (A.E.C.L.) Model Eldorado Super G teletherapy apparatus located in our Accredited Dosimetry Calibration Laboratory on the eighth floor on the East Wing Mechanics Tower of our hospital, (Allegheny General Hospital).

We would also like to reduce our possession limit from two sources of 4,500 Curies to two sources of 2,200 Curies of Cobalt-60 to be used in an A.E.C.L. Eldorado Super G teletherapy unit which will be authorized for use as a calibration (Non-human) source/apparatus.

Finally, we wish to delete the names of Joseph P. Concannon, M.D., James M. Hughes, M.D., and Peter T. Chopping, M.D., from this license.

All of these requests are in full acknowledgement and approval of our Radiation Safety Committee.

Enclosed is a check for \$460.00 to cover the amendment fee as described in 10-CFR-170.31 (3) (F). If any questions should arise, please feel free to contact either Prakash N. Shrivastava, Ph.D. at (412) 359-4171 or Frank P. Ottino, M.Sc. at (412) 359-3485.

Sincerely,

John H. Westerman
