Dear Mr. Del Core:

In a February 1, 1997, letter to Dr. Shirley Ann Jackson, you provided your view of the inadequate NRC oversight of the operation, maintenance, and licensing of the Millstone and Haddam Neck nuclear power plants. I want to inform you that your letter has been forwarded to the Office of Nuclear Reactor Regulation for action. As you have commented on many complex issues, it will take a significant amount of time to develop our response. Based on a preliminary review of your letter, we hope to be able to respond to you by the end of March.

Sincerely,
