Docket No. 30-22063-*mc*

ASLBP No. 85-512-02 ML

December 16, 1985

MEMORANDUM AND ORDER

The Presiding Officer received a telephone progress report on settlement negotiations from Mr. Jeffrey Michelson representing Mine Hill on December 13, 1985. The report was made in accordance with the Memorandum and Order issued November 21, 1985 in this case.

Mr. Michelson reported that settlement negotiations between PMC and Mine Hill have taken place and that significant progress towards settlement has been made. Further efforts including site visits by the parties and a negotiating meeting are scheduled. These are likely to be completed on or before December 19, 1985. Another progress report to the Presiding Officer will be made on or before December 20, 1985.

In view of significant progress towards settlement, and the benefits of permitting the parties to devote their attention to further settlement efforts the Presiding Officer concludes that the date for filing written testimony which is now set for December 20, 1985 should be deferred.
