Re: Catawba Nuclear Station  
Docket Nos. 50-413 and 50-414

Dear Sir:

Enclosed for NRC Staff use and review are two copies of the latest revision to the following Catawba Nuclear Station Emergency Plan Implementing Procedures:

- 1) Station Directive 2.0.1, Revision 3
- 2) Station Directive 3.7.5, Revision 5

Please delete privacy material in the form of personal telephone numbers prior to placing any material in the public document room, specifically:

- 1) Station Directive 2.0.1, Section 5.3.2

These revisions are being submitted in accordance with 10 CFR 50.54(q) and do not decrease the effectiveness of the Emergency Plan Implementing Procedures. Due to reorganization within the Security group, Revision 5 to Station Directive 3.7.5 has not been provided within 30 days as required by 50.54(q). The appropriate personnel have been made aware of these time requirements. This should preclude reoccurrence of this situation.

By copy of this letter, one copy of each of the above documents is being provided to the NRC, Region II.

Very truly yours,

Hal B. Tucker
