Dear Sir:

Enclosed is our applications for renewal of our License
No. 24-1113-13 (A67) as amended by amendments 1, 2 and 3.

I'm enclosing copies of the license, and pertinent corres-
pondence concerning the amendments.

We are continuing a semi-annual wipe test program on all
devices with the Ohmart Corporation though we understand it
is only required on a three-year basis. These instruments
have served us without any difficulty or failure in performing
their function since installation.

Yours very truly
