Dear Sir:

In reference to your visit to our shop and the inspection of our N.D.T. department I will like to inform you the following:

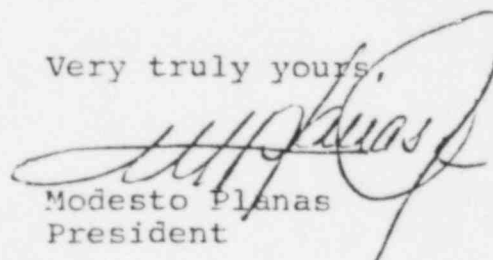

A. Internal audits were not performed because the work was too little and always Mr. Jesus Osorio was involved in it. Therefore Mr. Osorio was unable to conduct this audit.

2 = B. Quarterly maintenance reports were misfilled. They are up to date.

C. Utilization logs were never done. If it is required please let us know.

I hope the above clarifies any doubts or misunderstanding with our N.D.T. department.

Very truly yours,

Modesto Planas
President
