Attention: Mr. Richard E. Cunningham  
Chief, Isotopes Branch  
Division of Materials Licensing

Dear Sir:

USAEC, by-product material license No. 24-1113-13 (A65) was granted to us in January 1963. It has since been renewed three times and amended eight times with a present expiration date of January 31, 1974.

Amendment No. 5 to the license (subject: condition #12) changed the supervision names to Norman L. Marsh or W. S. Henderson. This correspondence is to inform you that W. S. Henderson is no longer associated with the equipment covered by this license or any of its amendments. Please correct our records by substituting the name of Richard C. Hart.

Yours very truly,

MONSANTO COMPANY
