Monsanto Chemical Company
Organic Chemicals Division
1700 South Second Street
St. Louis 77, Missouri

Attention: Mr. Edward M. Emery

Gentlemen:

Enclosed is License No. 24-1113-9 issued in response to application dated April 30, 1962.

Mr. McKenley was not included as a user in your license due to his lack of appropriate experience. He may, however, use byproduct material under your supervision and be reconsidered as a user at a later date.

Since we possess no information on design and operating specifications of the Arrow Instruments Company ionization detector, it has not been included for use in your license. The subject device may be evaluated for inclusion upon receipt of the above information.

Very truly yours,

Robert E. Briakman
