Docket No. 40-181

0400WM181501E

Mr. John Themelis

U.S. Department of Energy

Albuquerque Operations Office

P.O. Box 5400

Albuquerque, New Mexico 87115

Dear Mr. Themelis:

In response to your informal request of October 22, 1985, and formal request dated November 15, 1985, the URFO staff has completed the review of the preliminary design and subcontract documents prepared by Morrison-Knudsen for the mill tailings site at Lakeview, Oregon, except for the areas of surface water hydrology and erosion protection. No significant comments resulted from our review. Comments in the area of surface water hydrology and erosion protection were delayed due to the reviewers' participation on the Durango design meeting in Albuquerque. If there are any additional comments in these areas, they will be sent by December 2, 1985.

Sincerely,

Original Signed by

Edward F. Hawkins

Edward F. Hawkins, Chief
