Gentlemen:

On June 5, 1963, I made an application for an amendment on License Number 24-1113-7. This amendment (Amendment Number 2) was granted on June 14, 1963. It added my name as an individual user.

I now understand that I should have made explicit that the radioactive material would be used at my location 8201 Idaho Avenue, St. Louis 11, Missouri.

The other individual users will supervise the use of the material at the company general offices, 800 North Lindbergh Boulevard, St. Louis 66, Missouri.

Sincerely,

*Mark Nugent*
