Gentlemen:

Pursuant to the Atomic Energy Act of 1954 and Section 40.21 of the Code of Federal Regulations, Title 10 - Atomic Energy, Chapter 1, Part 40 - Control of Source Material, you are hereby licensed to receive possession of and title to two thousand (2,000) pounds of refined source material during the term of this license for use in the production of aircraft parts.

This license pertains to your plant at Robertson, Missouri, only.

You are further licensed to transfer and deliver possession of and title to refined source material to any person licensed by the Atomic Energy Commission, within the limits of his license.

As a condition of issuance of this license, you are required to maintain records of your inventories, receipts and transfers of refined source material.

This license is subject to all the provisions of the Atomic Energy Act of 1954 now or hereafter in effect and to all valid rules and regulations of the U. S. Atomic Energy Commission. Except as herein provided, it is subject also to the provisions of the Commission's proposed regulations, published in the Federal Register July 16, 1955, Title 10, Code of Federal Regulations, Part 20, entitled "Standards for Protection Against Radiation" until such time as said proposed regulations or revisions thereof shall become effective regulations of the Commission. Notwithstanding Section 20.24(f) of said standards, labeling shall not be required for laboratory containers such as beakers, flasks and test tubes, used transiently in laboratory procedures during presence of the user.

Neither this license nor any right under this license shall be assigned or otherwise transferred in violation of the provisions of the Atomic Energy Act of 1954.

This license shall expire January 1, 1958.

Att: Mr. J. W. Brownham

Gentlemen:

Enclosed is a copy of the AEC regulation, entitled "Standards For Protection Against Radiation", which establishes standards to be followed in handling radioactive materials which are subject to the licensing authority of the AEC. Source material such as you handle under your AEC license is included in this category of radioactive materials.

The effective date of this regulation is February 28, 1957 at which time your AEC source material license will become subject to its provisions.

Very truly yours,
