Dear Mr Mayou:

This letter is to inform you that your NRC registration certificate (NR-0487-D-101-S) has been amended to reflect a name change. The amendment reflects that the manufacturer's name was changed from Noresin, Inc. to Dyno Overlays, Inc. This amendment is based on your NRC license 48-25892-01, dated December 23, 1991, which was amended to reflect a change of ownership.

Please be reminded that you must still manufacture and distribute the Model Nsh-1 beta gauging device in accordance with the statements and representations contained in your original application, with enclosures thereto, and the information set out in your registration certificate. As a general rule, you must request and obtain an amendment to the certificate before you make changes or modifications to the information submitted to obtain the certificate.

Please read over the registration certificate in its entirety and notify us immediately of any errors or omissions.

You are obligated to notify us promptly in writing should you decide to no longer manufacture or offer service support for the product.

Please be aware that, as a holder of an NRC registration, you may be subject to the NRC's licensing fees in accordance with 10 CFR Part 170, and annual fees in accordance with 10 CFR Part 171. If you have any questions concerning the fee requirements, please contact the License Fee and Debt Collection Branch at (301) 415-6096.

If you have any questions, please contact me at (301) 415-5787 or Mr. John Lubinski at (301) 415-7868.

Sincerely,

151
