U. S. Atomic Energy Commission
Directorate of Licensing
Isotopic Branch
Washington, D. C. 20545

Reference: By-Product Material License 24-01113-07

Gentlemen:

We would like to apply for amendment of the above license as attached. Please note the change in Item 4:

Item 4 - Individual Users

Dr. K. Y. Kim to replace Dr. K. J. Shaver with
Mr. J. J. O'Leary remaining.

Please send a corrected copy of the entire license when amended.

We understand that, under Items 6B through 8 of the license,

6. By-Product Material 7. Chemical/Physical Form

B. Phosphorus 32 B. Any

8. Maximum Amount of
Activity

B. 10 millicurie

we can conduct laboratory experiments with any form of P-32 compounds including work not necessarily related to teeth. The contemplated laboratory study does not involve any human use of P-32 radiotracer.

Requesting your prompt attention on this application.

**COPIES SENT TO
REGULATORY OPERATIONS**

Sincerely,

K. Y. Kim
