Re: Radiation Exposure  
Records

Dear Sir:

As per our telephone conversation, enclosed are copies of the requests for previous radiation exposure records including my accompanying letter. The individual from India has terminated and his record is no longer needed. Dr. Fore and Dr. Robinson are still working here and we would like to have a complete past exposure history on everyone possible.

Any help in obtaining these past exposure records would be appreciated.

Sincerely,

Nelson Perry, R.S.O.
