The enclosed letter dated May 10, 1985, informed you of the issuance of a bill for partial review of ten topical reports pursuant to the provisions of 10 CFR 170 of the Commission's regulations. Bill No. D0288 was issued on May 13, 1985, for \$104,206 and covered the period from filing of the reports through June 23, 1984. A final bill was issued to your Corporation on July 18, 1985, with an additional notice sent on August 13, 1985, showing principal, interest and penalty charges through August 13. The penalty charges, in accordance with 4 CFR 102.13(e), accrue beginning 30 days from the original billing date. Section 170.41 of 10 CFR 170 provides that:

"In any case where the Commission finds that an applicant or a licensee has failed to pay a prescribed fee required in this part, the Commission will not process any application and may suspend or revoke any license or approval issued to the applicant or licensee or may issue an order with respect to licensed activities as the Commission determines to be appropriate or necessary in order to carry out the provisions of this part, Parts 30, 32 through 35, 40, 50, 61, 70, 71, 72, and 73 of this chapter, and of the Act."

10 CFR Part 15 provides that the NRC may refer claims for payment of debts owed the United States to the General Accounting Office or to the Department of Justice for collection.
