Subject: Inspection No. 030-00116/85-01

Dear Mr. Kinneman:

Pursuant to your letter of October 17, 1985, while Mr. Agostinelli's qualifications are being reviewed, The Stamford Hospital has had the yearly calibration and spot check measurements performed by Dr. Jerome A. Meli. Dr. Meli's credentials have been reviewed by our Hospital Radiation Safety Committee and found to meet the requirements of 1.0 CFR 35.24.

I have enclosed for your information, a copy of our Radiation Safety Committee's endorsement of Dr. Meli. Dr. Meli will continue to work with us in order to fulfill our license requirements until such time as Mr. Agostinelli is approved as a "qualified expert." Should you have additional questions, please do not hesitate to contact me.

Sincerely,

  
Gary R. Rhoads  
Vice President, Operations

Gentlemen:

Subject: Inspection No. 030-00116/85-01

This refers to your letter dated August 27, 1985, in response to our letter dated August 9, 1985.

Thank you for informing us of the corrective and preventive actions documented in your letter. These actions will be examined during a future inspection of your licensed program.

You are advised that, until your consultant is approved as a "qualified expert", you remain required to ensure that the calibration of your teletherapy unit, and the review of the monthly calibration spot-checks, must be performed by an individual who meets the requirements defined by 10 CFR 35.24(a) and (b).

Your cooperation with us is appreciated.

Sincerely,
