Dear Chairman Palladino:

As you know, the Institute for Nuclear Power Operations (INPO) has circulated a proposal for an industry-run "National Academy for Nuclear Training" in response to our hearings in June on training and safety in nuclear power generally, and on S. 16, my proposal for a National Academy for Nuclear Power Safety.

I am now examining INPO's proposal, and I would appreciate having the Commission's comments on it, as I have had on my own.

Thank you for your continued help with these matters.

Sincerely,

Daniel Patrick Moynihan
