RE: Freedom of Information Act Request

Dear FOIA Officer:

I would like to examine all disclosable information from 1930 up to the date you receive this letter concerning:

1. Any disaster, possibility of nuclear disaster/s, nuclear accidents or plans to deal with such including but not limited to the Three Mile Island events, and
2. Information concerning the actual or potential use or manufacturing of nuclear materials, nuclear weapons or nuclear related research in the United States.

I request that you waive any applicable fee since disclosure meets the statutory standard standard for waiver of fees in that release would be in the public interest because:

The information sought will be used to present a paper on the topic of Jews and the Nuclear Situation from 1930 till the Present to the Jewish Folkshul of Philadelphia.

If your decision is not to waive any applicable fee I request that you inform me of all costs prior to providing me with the materials. I expect to examine all materials at a Federal reading room and then to order copies of any documents that I want.

If you determine that some or all of the requested materials are exempt from release, please state your reasons and to which exemption(s) you believe covers the materials which you are not releasing.

Thank you for your time and attention.

Sincerely yours,
