Docket Number: 030-02764 -MLA

Dear Secretary of the Commission:

On February 19, 1997, the University of Cincinnati received amendment number 80 to NRC license number 34-06903-05. The amendment allows for specified visitors of radiation therapy patients to, under specified conditions, receive up to 500 mrem.

With receipt of the amendment, the University of Cincinnati rescinds its request for a hearing regarding the NRC's denial of a license amendment request which pertained to the above referenced subject. The hearing was requested in a letter to you dated December 30, 1997.

The staff's time and cooperation in resolving this matter were greatly appreciated.

Sincerely,

Donald Harrison, M.D.
Senior Vice President and
Provost for Health Affairs
