Docket Nos. 50-352  
50-353

Mr. Robert L. Anthony  
Box 186  
Moylan, PA. 19065

Dear Mr. Anthony:

This is in response to your petition of October 1, 1985 requesting that the Nuclear Regulatory Commission take certain actions associated with the filing by the Philadelphia Electric Company (PECo) of applications with the Delaware River Basin Commission (DRBC) regarding water usage for its Limerick Nuclear Generating Station, Unit 1. Principally, you requested that the Commission stay DRBC consideration of the PECO applications and require withdrawal of these applications until PECO complies with certain environmental license conditions imposed by the NRC. For the reasons set forth in the enclosed Director's Decision under 10 CFR 2.206, DD-85-18, your request is denied.

A copy of the Decision will be filed with the Secretary of the Commission for its review in accordance with 10 CFR 2.206(c) of the Commission's regulations. As provided by this regulation, the Decision will constitute the final action of the Commission twenty-five days after the date of issuance of the Decision unless the Commission, on its own motion, institutes a review of the Decision within that time. I have also enclosed for your information a copy of the notice that is being filed with the Office of the Federal Register.

Sincerely,

Harold R. Denton, Director  
Office of Nuclear Reactor Regulation
