Dear Ms. Jackson:

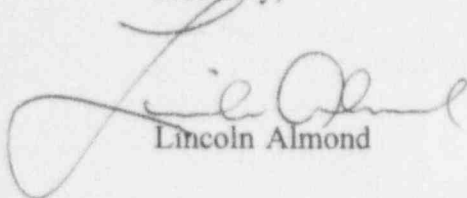

I am in receipt of your letter dated January 27, 1997 in which you request that I appoint a State Liaison Officer for Rhode Island to replace Mr. Richard Bouchard who retired in December, 1996.

As I continue to be committed to keeping a communication channel between my state and the Nuclear Regulatory Commission, I am appointing Mr. Peter Todd, a Radiological Technician in the Rhode Island Emergency Management Agency, as my state Liaison Officer to your organization. He is fully trained and qualified to deal with issues related to the regulation of radioactive materials.

Please be advised that all correspondence should be sent to Mr. Raymond LaBelle, Executive Director of the Rhode Island Emergency Management Agency, 645 New London Avenue, Cranston, Rhode Island 02920. He is responsible for the day-to-day operation and direction of that agency.

I trust this action satisfies your request and we look forward to a continued positive relationship with your organization.

Sincerely,

Lincoln Almond
