SUBJECT: AVAILABILITY OF RECORDS COLLECTED AND MAINTAINED BY THE MIT  
INCIDENT INVESTIGATION TEAM (IIT)

This is to advise you that in accordance with an agreement reached between the IIT Leader, Dr. John Glenn, and OI Investigator, Larry Robinson, all records collected and maintained by the IIT will be available to OI on an as-needed basis. In addition, copies of applicable records will be made for OI, as requested.

Furthermore, once the IIT has been concluded and the NUREG has been finalized, AEOD agrees to continue to make available to OI all IIT records requested and to withhold these records from public disclosure at the request of OI. It is agreed that OI will provide AEOD with a list of those records to be withheld until completion of the OI investigation and agreement is reached to release the applicable records.

If you need any further information, please contact Cherie Siegel of my staff on 617-253-9392 (on site at MIT) or at 415-6384 (at headquarters), who is responsible for control and maintenance of all IIT records.
