Re: License No. 34-18762-01

The 2 curie Cesium-137 sealed source which was added to our license via Amendment 02 on Feb. 2, 1982, has been returned to the manufacturer, Texas Nuclear, for disposal and is no longer in our possession.

Enclosed are original and duplicate copies of the acknowledgment from Texas Nuclear confirming that disposal has been accomplished.

Will you, therefore, amend our License to reflect this action and advise us if we need to do anything further in this matter.

Sincerely,

Edward M. Winter
Senior Research Engineer

Attention: G. Frankhauser, Research Dept.

This letter is to verify that Texas Nuclear has received and disposed of the radioactive material described below pursuant to applicable regulations as authorized by our Texas License 6-3524.

One (1) 2 curie Cs-137 source, Source Serial
Number MB-1912, removed from a Texas Nuclear Model
5193 source holder, Serial Number B1612.

This letter should be retained in your files as a permanent record showing the disposition of this device.

If we can be of any further assistance, please do not hesitate to let us know.

Sincerely,

TEXAS NUCLEAR CORPORATION
