Dear Mr. Hodick:

In response to your letter of December 13, 1985, concerning submission of monthly Discharge Monitoring Reports (DMRs), the Pennsylvania Power and Light Company would like to make the following comments:

1. All DMRs have been submitted to Mr. Paul Koval of your office.
2. The NPDES permit requires that all DMRs be postmarked by the 28th day of the following month (Part A, 3 b, [1]) and not, as indicated in your letter, be received by the 28th day of the following month.
3. According to your letter, the last DMR received was September 1985. The October 1985 DMR was submitted to the Pennsylvania Department of Environmental Resources on November 27, 1985. A copy is attached.
4. A review of our files through January 1982 indicates that all DMRs have been submitted to your office.

As we discussed in our telephone conversation of December 17, 1985, this information should close-out your concerns about possible permit reporting violations.

If you have any questions, please call me at (215) 770-7889.

Respectfully yours,

Jerome S. Fields
