Docket No. 50-155

Consumers Power Company
ATTN: Mr. David J. VandeWalle
Nuclear Licensing Administrator
1945 West Parnall Road
Jackson, MI 49201

Gentlemen:

We have received a copy of your application dated September 3, 1985, which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review. This application was stated to be a synopsis of your application dated November 1, 1974, which proposed deletion of the 23-second withdrawal time requirement from the Technical Specifications for the Big Rock Point Nuclear Plant. A \$150 application fee was remitted with your September 3 request in accordance with 10 CFR 170.12(c). By your letter dated October 18, 1985 your Company withdrew the November 1, 1974 and September 3, 1985 applications.

The ONRR staff has informed us that they consider the September 3 application as being supplemental to your pre-fee application dated November 1, 1974. Therefore, a refund or credit is due your Company. If you wish to be given credit for the \$150 application fee, you need only reference Check No. 488241 dated August 22, 1985, in your next application and we will apply the \$150 application fee to that request. Please advise us whether you wish to be given credit for the \$150 application fee or if you wish us to make a refund to your Company.

Sincerely,

Original Signed by:
