Dear Mr. Rodriguez:

SUBJECT: RANCHO SECO NUCLEAR GENERATING PLANT - ADEQUACY OF TOPICAL REPORTS T1-80 (REVISION 1), "OPERATING TRAINING PROGRAM FOR NRC HOT LICENSE CANDIDATES," AND T2-80 (REVISION 1), "NRC LICENSED OPERATOR RETRAINING PROGRAM."

By letter dated March 22, 1985, you submitted for NRC review revisions to Topical Reports T1-80, and T2-80. The revisions updated the Topical Reports to better address the provisions of NUREG-1021, to add provisions to exempt a Reactor Operator from the requalification requirement if that individual is currently in a Senior Reactor Operator training program, and to make the format of the reports consistent.

By letter dated June 7, 1985 we sent you a Request for Additional Information concerning topical reports T1-80 and T2-80 revisions. By letter dated August 8, 1985, you provided the required additional information.

We have completed our review of the revised topical reports and find the training programs acceptable. Our acceptance criteria included applicable portions of 10 CFR 50 and 55 as well as the TMI Action Plan (NUREG-0737) and H. R. Denton's letter of March 28, 1980 to all power reactor applicants and licensees.

Sincerely,

\*ORIGINAL SIGNED BY  
JOHN F. STOLZ\*
