

Docket Nos.: 50-424
and 50-425

DEC 26 1985

Mr. Donald O. Foster
Vice President and Project General Manager
Georgia Power Company
Route 2, P. O. Box 299A
Waynesboro, Georgia 30830

Dear Mr. Foster:

Subject: Acceptance of Use of ASME Code Case N-397 for
Vogtle, Units 1 and 2

The staff has completed its review of your request for authorization to use ASME Code Case N-397 on Spectral Broadening Procedures as discussed in your letter dated November 18, 1985.

Code Case N-397, "Alternate Rules to the Spectral Broadening Procedures of N-1226.3 for Classes 1, 2 and 3 Piping Section III, Division 1," is an acceptable Code Case and is approved by the staff for specific plant applications pending revision of Regulatory Guide 1.122. The Code Case is approved as written with no additional requirements other than those specified in the Code Case.

Code Case N-397 may, therefore, be used at Vogtle, Units 1 and 2, within the limitations stated in the "Inquiry" and "Reply" sections of the Code Case. Georgia Power Company has stated that use of the Code Case will be documented in a future amendment to the FSAR. The staff finds this commitment acceptable.

Sincerely,

151

B. J. Youngblood, Director
PWR Project Directorate #4
Division of PWR Licensing-A, NRR
