Dear Dr. Mallett:

We request that you renew our By-Product Materials License. A check for the renewal fee has been forwarded to you under separate cover.

Our program remains the same as denoted in our original By-Product Materials application, and all subsequent amendment applications to this current date.

Authorized users remain the same as those listed in our most current amendment. The Radiation Safety Officer remains George Cassidy, M.D. Materials requested for possession and use are those contained in Groups I, II, III, IV, V and VI of 10 CFR 35.100, as well as Xenon 133. We request that the possession limits authorized remain the same.

Schematic diagrams of the Nuclear Medicine Department and Storage areas remain the same as previously submitted. Air flow rates in the Imaging and Hot Lab areas remain the same as submitted in the amendment request for Xenon 133.

The Radiation Safety Committee will be composed of the following:

1. A representative from the hospital administration.
2. Radiation Safety Officer
3. An authorized user for each group of materials authorized.
4. A representative of the hospital nursing staff.

Should you have any questions or require any additional information, we authorize Mr. Ronald D. Edwards, physicist, Radiation Protection Consultants, LTD., Aurora, Illinois, to act in our behalf to answer those questions or provide any information you may need.

Thank you in advance for your cooperation.
