Dear Mr. Lee:

Re: Recentralization of Licensing Functions for the Fort St. Vrain
Nuclear Generating Station

As you are aware, the retransfer of Fort St. Vrain licensing activities to NRC was effective October 4, 1985. A Federal Register Notice to amend 10 CFR 50.4 and implement this change was published on October 9, 1985. A copy is enclosed for your information.

The licensing project manager for Fort St. Vrain is Kenneth L. Heitner, Operating Reactors Branch No. 3 (ORB No. 3). He will report to Edward J. Butcher, Acting Chief, ORB No. 3.

Sincerely,

151

Gus C. Lainas, Assistant Director
for Operating Reactors
Division of Licensing
