RE: Statement of Training
Items 16 and 17 License Application
for Dennis Ridgeway

To Whom it may Concern:

Dennis Ridgeway has received training from literature research, discussion with the Radiation Protection Officer and on-the-job training under the supervision of personnel authorized to operate Nuclear Density equipment. Training included, but not limited to, the following areas:

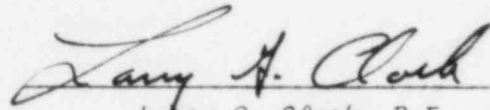

1. safety precautions, both for himself and the general public, when operating the equipment;
2. security of the nuclear equipment during use, transportation and storage;
3. general radiation theory and related biological effects;
4. theory of nuclear density equipment operation and proper operating practices;
5. procedures to follow in case of equipment loss or accident.

8511190130 850926
REG4 LIC30
49-19334-02 PDR

To date, Dennis Ridgeway's experience has included one week. He will receive three more weeks of on-the-job training under the supervision of the Radiation Protection Officer and authorized operators.

Signatures:

Dennis Ridgeway
