SUBJECT: INSPECTION REPORT NO. 50-160/85-3

Dear Mr. Verrelli:

This letter is to confirm our conversation over the telephone that you agreed to grant us an extension of one more month, to December 13, 1985, to reply to the referenced inspection report. This extension is needed because we are conducting experiments and gathering data to verify, hopefully once and for all, the quantity of Ar⁴¹ that escapes once the Containment Building isolates.

Your cooperation is appreciated very much.

Sincerely yours,

R.A. Karam
Director
