SUBJECT: Request for Extension of NRC License 32-04054-04

Director
Office of Nuclear Materials Safety
and Safeguards
US Nuclear Regulatory Commission
Washington, DC 20555

Dear Sir:

Womack Army Community Hospital is authorized the use of Radioactive Material as designated in US Nuclear Regulatory Commission (NRC) Materials License 32-04054-04 with expiration date October 31, 1985.

Several key military personnel changes are known or are expected to occur at this Activity in the near future and the Nuclear Medicine Service Clinic is also expected to expand to acquire additional needed space.

Request this Activity be allowed to operate under the conditions of the current NRC license for a period of six months to allow the inclusion of these important changes in the new NRC license application.

Point of contact at this Activity is Captain Brett Armstrong, Medical Service, Chief, Health Physics Section, Radiation Protection Officer, Commercial (919) 396-5022/5882, FTS 675-5022/5882, AUTOVON 236-5022/5882.

Sincerely,

Roger V. Cadol
Colonel, Medical Corps
Deputy Commander for Clinical
Services
