Dear Mr. Sass:

I would like to confirm the information which I asked John Montgomery of my staff to pass on to you earlier this week.

I sincerely regret any erroneous representation of my position regarding your accompanying me on my tour of the Perry Site. I have never taken the position that an intervenor should not accompany me on my tour of a nuclear plant. Any representation to the contrary is not correct. I would have welcomed your presence on the plant tour as I have consistently done with other representatives on my visits to other sites.

Again, I sincerely regret this situation occurred.

Sincerely,

Lando W. Zech Jr.
