Subject: Pending NRC License Amendment Request - Additional Information Requested
Date: Monday, May 11, 2020 10:33:00 AM

Hello Victor,

Thank you for taking time out of your morning to discuss your pending license amendment request. I understand from our conversation that the sealed source was returned to the vendor within six months of the original installation date. Please provide the a copy of the original leak test and installation records.

Thank you,
Laura
