Dear Mr. Hollis:

Dr. D. I. Walker, Director, Division of Inspection, U. S. Atomic Energy Commission, Idaho Falls Operations Office, Idaho Falls, Idaho, would like to visit your operation on Tuesday, February 24, 1959.

The purpose of this visit is to inspect your mill and to examine your records of radiation, dust, and effluent surveys to determine whether your operation is being conducted in compliance with the regulation prescribed in 10 CFR Part 20 "Standards for Protection Against Radiation."

Dr. Walker will be accompanied by Mr. D. R. George of the Grand Junction Operations Office. Please advise us if the date of this visit is convenient for you.

Very truly yours,

John W. Barnes, Acting Director
Source Material Procurement Division
