Washington, D.C. 20555

ATTN: Mr. George Kligfield

Dear Mr. Kligfield:

Please find attached an application for a license to hold and use byproduct materials by Consoweld Corporation, 700 Durabeauty Lane, Wisconsin Rapids, Wisconsin 54494. Materials presently in their possession were previously covered by NRC license #48-01117-01 issued to Consolidated Papers, Inc., Wisconsin Rapids, Wisconsin 54494. Upon application to renew this license, the NRC instructed us to renew the license for Consolidated only and to apply for a new, separate license for Consoweld Corporation.

As a practical matter, Consoweld will follow exactly the radiation safety and administrative program of Consolidated. The acting radiation safety officer is the same person for both companies, and personnel, equipment and skills are freely interchanged. Therefore, the supporting material attached to this application applies to both companies.

Please direct any inquiries on this matter to the undersigned, an employee of Consolidated Papers, Inc.

I hope the enclosed application is complete and satisfactory.

Sincerely,

CONSOLIDATED PAPERS, INC.
