SUBJECT: MEETING WITH REPRESENTATIVES OF FREEPORT SULPHUR TO DISCUSS  
TRANSFER OF THE URANIUM REDUCTION COMPANY URANIUM MILL.

DLR:DPH

Two representatives, Mr. Dufour and Mr. Gilbert, from Freeport Sulphur Company met with L. Johnson, D. Nussbaumer and D. Harmon of DLR on December 7, 1961, to discuss the transfer of the Uranium Reduction Company uranium mill to ~~the~~ Freeport Sulphur Company. The representatives were informed that the present license issued to URC could not be transferred to F.S.C. and that it would be necessary for F.S.C. to obtain a source material license before operating the mill. In addition, proper procedures for applying for a license (Form AEC-2, plus laundry sheet) were discussed with the representatives. Also, permission was granted to reference any material previously submitted by URC provided that the material was still applicable and that F.S.C. would conduct their future operation in the same manner.
