

June 1, 1964

Dr. Grant Winn  
Department of Public Health  
Salt Lake City, Utah

Dear Dr. Winn:

I will be in Utah June 8 through June 12 to review the pertinent activities of selected AEC licensees. Should you plan to have one of your representatives accompany me on these inspections, I plan to be at the Atlas Corporation uranium mill at Moab on Monday and Tuesday. My arrival at Moab on Monday morning should permit me to begin the inspection about 10:00 a.m. For the remainder of the week I will be in Salt Lake City.

If one of your representatives does not meet me at Moab, I shall call your office upon my arrival in Salt Lake City Wednesday morning to learn if someone may wish to accompany me at that time.

Sincerely yours,

Original Signed By
