NUCLEAR REGULATORY COMMISSION

[Docket No. 50-389A]

FLORIDA POWER & LIGHT COMPANY
(St. Lucie Plant, Unit No. 2)

NOTICE OF ISSUANCE OF DIRECTOR'S DECISION
(DD-81-15)

By petition dated June 22, 1981, Mr. George R. Kucik, Esq., on behalf of Parsons & Whittemore, Inc. and Resources Recovery (Dade County), Inc., requested that enforcement action be instituted against Florida Power & Light Co. (FP&L) for the asserted failure by FP&L to abide by an antitrust condition of the license FP&L holds for the St. Lucie Unit No. 2 nuclear power facility. Upon consideration of the information provided by the petitioners, I have determined not to institute the requested enforcement action. The reasons for this decision are set forth in a "Director's Decision Under 10 C.F.R. 2.206", which is available for inspection in the Commission's Public Document Room at 1717 H Street, N.W., Washington, D. C. 20555, and in the local public document room for the St. Lucie Plant, Unit No. 2, located at Indian River Community College Library, 3209 Virginia Avenue, Ft. Pierce, Florida, 33450.

Dated at Bethesda, Maryland, this 7 day of August, 1981.

FOR THE NUCLEAR REGULATORY COMMISSION

Edson G. Case, Deputy Director
Office of Nuclear Reactor Regulation
