Director  
Office of Nuclear Material Safety and Safeguards  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Sir:

We have reviewed our Byproduct Material License No. 23-16788-01 and find all information currently valid, with the exception of the phone number and a minor change in the address. These changes were indicated on the two copies of the documents enclosed.

If additional information for license renewal is needed, please call at (601) 688-1530.

Sincerely yours,

R. E. Rathbun  
Project Chief
