

UNITED STATES
ATOMIC ENERGY COMMISSION
WASHINGTON, D.C. 20545

JAN 26 1973

Memo to file

On January 9, 1973 Messrs. R. F. Hollis, W. T. Badger of Atlas Minerals and J. Louis York, Environmental Consultant to Atlas Minerals, met with Messrs. S. H. Smiley, D. Nussbaumer, J. C. Malaro and J. F. Kendig of AEC Fuels and Materials, Directorate of Licensing, to discuss the licensing and environmental aspects of a proposal for the major modernization of the Atlas Mill at Moab, Utah, Docket no. 40-3453.

Atlas personnel were informed that a license amendment would be required and that a safety analysis would have to be submitted along with an environmental report. General aspects of the content of these reports were discussed and copies of the following documents were provided to Mr. York as examples of the subject matter to be included in the submission of an application for amendment and the environmental report:

1. 10 CFR 20
2. 10 CFR 40
3. 10 CFR 50 Appendix D
4. Federal Register Volume 36, No. 79, Part II, Council on Environmental Quality, Guidelines
5. Public Law 91-190, National Policy Act of 1969
6. Environmental Survey of the Nuclear Fuel Cycle
7. AEC Draft Detailed Environmental Statement, Humble Oil
8. AEC Draft Detailed Environmental Statement, Rio Algom
9. Informal interim guides on content of applications for uranium mill license and content of environmental reports to be submitted in support of uranium mill applications.
