Attention: Mr. J. C. Delaney
Chief, Materials Section
Licensing Branch
Division of Licensing and Regulation

Gentlemen:

Reference is made to source material license bearing number R-161, dated June 1, 1955, as amended, issued to Uranium Reduction Company, and source material license bearing number R-163, dated August 9, 1955, as amended, issued to the First Security Bank of Utah, as Trustee under the First Mortgage and Deed of Trust of the Uranium Reduction Company, dated as of June 1, 1955.

Modification No. 2, Supplemental Agreement to Contract No. AT (05-1)-266 has been approved for execution by the parties and provides, among other things, for the extension of the contract from April 1, 1962 to and including December 31, 1966. Under existing financial arrangements it is necessary that the licenses run concurrently with the life of the prime contract, hence the issuance of the original licenses to April 1, 1962.

In view of the aforementioned the undersigned, for and on behalf of the Uranium Reduction Company and the First Security Bank of Utah, as Trustee, hereby makes application for an extension to each of the source material licenses providing for termination on December 31, 1966, and that said date be substituted in lieu of the existing date of April 1, 1962.

Sincerely yours,

Albert H. Greene
