Dear Members of the Board:

Thank you for your recent letter in which you ask questions about various details of the planning effort within the Emergency Planning Zone of Seabrook Station. Your interest and cooperation in this planning effort is heartening and reflects, I am sure, your sincere desire and statutory responsibility to effect the best possible emergency plans to meet any natural or technological contingency which might affect the citizens within your community.

I have asked Mr. Richard Strome, Director, New Hampshire Civil Defense Agency, to respond directly to your questions since the planning effort for technological hazards falls within his statutory jurisdiction.

Again, thank you for your active interest and participation in this planning process.

Sincerely,

John H. Sununu
Governor
