Attention: Mr. Lynn M. Thatcher  
Executive Secretary  
Utah Water Pollution Control Board

Gentlemen:

Thank you for your letter of July 12, 1962.

We were sorry that it was not possible for a representative of your staff to be present during our visit to the Uranium Reduction Co. on July 16, 1962. The purpose of the visit was to obtain first-hand knowledge of the mill operations including their liquid effluent program. We will, of course, keep you advised of any licensing actions we take with respect to this mill.

Sincerely yours,
