Gentlemen:

This letter is in response to your application dated April 16, 1985 for renewal of license number 20-01896-05E. For your reference and information, we are enclosing a copy of 10 CFR Part 32, "SPECIFIC DOMESTIC LICENSES TO MANUFACTURE OR TRANSFER CERTAIN ITEMS CONTAINING BYPRODUCT MATERIAL." In order for us to continue our review of your request, we will need the following additional information:

1. Since you allowed your 20-01896-05E license to expire, this request must be treated as a new authorization. Therefore, you must submit a complete up-to-date application without reference to prior submissions.
2. In reviewing your 20-01896-05E license folder, we note that you have not submitted distribution reports since July 13, 1983 (refer to Part 32.16). You must submit an up-to-date distribution report before we review your request for a new license.

When providing the additional information you should reply in duplicate and reference mail control number 018901.

Sincerely,

Original Signed By
