Mr. Lynn M. Thatcher
Executive Secretary

Dear Mr. Thatcher,

In connection with our evaluation of a request from Uranium Reduction Company, Moab, Utah, to discharge liquid effluents into the Colorado River in concentrations greater than the limits permitted by 10 CFR 20, Messrs. Nussbaumer, Beck, Page and Harmon on my staff plan to visit this mill on July 16, 1962.

We would be happy to have a member of your staff accompany these men during their visit. If you desire to send a representative, please advise me of his name so that we can contact him regarding arrangements.

Sincerely yours,
