UNITED STATES NUCLEAR REGULATORY COMMISSION

DOCKET NO. 40-3453

ATLAS MINERALS

MOAB URANIUM MILL

NOTICE OF AVAILABILITY OF APPLICANT'S

ENVIRONMENTAL REPORT

Pursuant to the National Environmental Policy Act of 1969 and the regulations of the Commission in 10 CFR Part 51, Atlas Minerals has filed an environmental report and four supplements in support of their application for renewal of Source Material License SUA-917 for the Moab Uranium Mill located in Grand County near Moab, Utah. The reports, which discuss environmental considerations related to the operation of the facility, are available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C. 20555. Copies of the report are also being made available at the the Utah State Clearinghouse, Utah State Planning Coordinator, Office of the Governor, State Capitol Building, Salt Lake City 84114 and at the Southeastern Utah Association of Governments, P. O. Box 686, 109 S. Carbon Avenue, Price, Utah 84501.

After the environmental report and supplements have been analyzed by the staff, a draft environmental statement will be prepared. Upon preparation of the draft environmental statement, the Commission will, among other things, cause to be published in the FEDERAL REGISTER a summary notice of availability of the draft statement, with a request for comments from interested persons on the draft statement. The summary notice will also contain a statement to the effect that comments of Federal agencies and State and local officials will be made available when received. Upon consideration of comments submitted

961220036T 2pp

with respect to the draft environmental statement, the staff will prepare a final environmental statement, the availability of which will be published in the FEDERAL REGISTER.

Date at Silver Spring, Maryland, this 23rd day of February, 1977.
