Docket No. 50-312

Mr. Ronald J. Rodriguez
Assistant General Manager, Nuclear
Sacramento Municipal Utility District
6201 S Street
P. O. Box 15830
Sacramento, California 95813

Dear Mr. Rodriguez:

Enclosed please find the results of an NRC maintenance survey conducted from September 30 to October 4, 1985. The survey is the first phase of a multi-year Maintenance and Surveillance Program Plan which was developed to provide data for future NRC regulatory programs with regard to maintenance and surveillance practices at licensed facilities. The enclosed survey report will be used by the NRC to evaluate the need to modify the existing regulatory oversight of maintenance and surveillance practices. Unless factual errors are identified, the report does not require a specific response from the Sacramento Municipal Utility District. It is sent to you as an aid for improving your maintenance program.

Sincerely,
