Mr. W. T. Badger
General Superintendent
Atlas Minerals Inc.
Moab, Utah 74532

Dear Mr. Badger:

This refers to the letter of March 19, 1974 submitted on behalf of Atlas Minerals Division by Mr. George Toland of Dames and Moore which contained a partial reply to questions we asked you about your Environmental Report. Several questions were not answered. We understand from the Dames and Moore letter that at least three of these questions will not be answered for several months.

Based on this information and in order to make the most efficient use of our available technical staff, I am removing your case from the active review schedule and will be pleased to reschedule it when we have a complete response.

Sincerely,

Richard B. Chitwood, Chief
Technical Support Branch
Directorate of Licensing
