ARTICLE XIII - GOVERNMENT-FURNISHED PROPERTY

The following government equipment and materials shall be furnished to the contractor for performance of the services required hereunder:

1. 3M "800" Microfiche Reader/Printer, Model 475AG, serial no. 155076 (one each).
2. Vertical visible upright cabinet for cards and microfiche, 4 x 6 size, 7 drawers, 40" high, 16" wide, 27" deep, with high leg base, steel 12" high, Shaw-Walker Co. Model C-1419 (one each).
3. Reader/Printer sit-down stand, 30" high, top 36" x 30", Bell and Howell Catalog No. PC-123002 (one each).
4. The NRC shall provide, normally on a weekly basis, the documents to be added to each local public document collection. When notified by the LPDR in writing or by telephone, the NRC shall furnish the following items as needed: file folders, binders, labels, a log, postcards for reporting missing documents, envelopes for use in communication with the NRC, and a User's Guide. Also, the NRC, when notified by a library, will promptly replace any documents found missing from the local public document collection.

The NRC also will periodically visit each library which maintains a local public document collection to review the collection, correct any problems that may be noted, and to provide guidance and instructions to the library and staff.

Responsibility for paper and lamps rests with the library. The NRC authorizes the library to charge for copies made on the reader-printer to recoup expenses for paper and lamps. The NRC also authorizes the library, without cost to the NRC, to install a coin-operated attachment to the reader-printer. In either case, however, the cost a library may charge for copies from microfiche may not exceed \$0.25 per page copy unless it can demonstrate to the Project Officer that operating costs require a higher per-page cost.

All other terms and conditions set forth under this contract remain unchanged.
